

English 5ghi	Reading Exercise	homework due Friday
	<b>Rajiv's maths lesson</b> (shortened)	

Listen to your Camden Market CD, track 16. Then practice reading **this** text. Read it in class on Friday!

It's Rajiv's last lesson on Friday. The teacher is Mr. Graham. He does maths. Rajiv finds everything with numbers so boring. He likes English and music much better. Ah, music ...! There is such wonderful music to dance to. Next Saturday he can dance on a birthday party. And what's best: Caroline is coming, too! Caroline is very nice. She likes good music and dancing, too. It's fun to be with her.

In his dreams, Rajiv suddenly hears Mr. Graham: 'Hey, Rajiv! Do you know the answer?' Rajiv's face goes red. 'Err, no ... no, sir. Sorry.'

## Words
